Subject: Re Microsoft Settlement

Dear General Ashcroft:

Microsoft has agreed to deliver a pound of flesh and to swear off any skin grafts in the future.

Would you please now put this ridiculous lawsuit to rest? Here we've had DOJ, for the last 10 years, trying to cripple the most successful company in the world, while it paid no attention whatsoever to the gigantic fraud at Enron. Admittedly, this was mostly Clinton administration payoff to its aggrieved campaign contributors, but the Bush administration doesn't seem to operate that way. It's your call now!

I know you've got better things to do than to keep up this pointless pursuit of Bill Gates.

Sincerely,
Karl Maher
